PROFESSIONAL EXPERIENCE

Penguin Coding School (Full-Time)

Brooklyn, NY

Administrative Coordinator

08/25 - Present

- Manage daily operations for 54 weekly classes, including scheduling, teacher coverage, roster accuracy, and student transfers across programs serving 300+ students.
- Serve as primary contact for 300+ families and coordinate with 5 lead instructors to ensure classroom readiness, timely communication, and smooth program delivery.

First LEGO League (FLL) Program Coordinator & Coach

09/24 - Present

- Oversee Brooklyn FLL program operations across 7 teams, including scrimmage planning, tournament coordination, training 6 volunteers, and managing all parent communication.
- Manage logistics such as scheduling, team assignments, and event preparation to ensure smooth competition experiences across 4+ annual events (with 3 additional events planned this season).
- Coach and mentor student teams in robot design, programming, and collaboration. Including leading a team that earned the Rising All-Star Award at a regional competition.

Teacher

03/24 - Present

- Facilitate engaging lessons on Python, JavaScript, and STEM concepts to children aged 5-14.
- Develop and implement coding activities such as building games and programming LEGO robotics to promote creativity and problem-solving.

Digital Girl

Brooklyn, NY

Participant, 9-Week Educational Program

03/24 - 04/24

- Completed a Microsoft 365 and web development program; collaborated on team projects to enhance technical and communication skills.

ACADEMIC & PROFESSIONAL PROJECTS

CBRE, Project Management Job Simulation, The Forage

Nov 2025

- Developed Gantt charts, tracked project budgets, managed workflows, and prepared project documentation to simulate real-world client coordination.

Operations Workflow Optimization Project, Penguin Coding School

Sep 2025

- Streamlined scheduling and teacher coverage for 54 weekly classes by creating a centralized workflow that reduced manual updates by 38% and cut daily coordination time from 2 hours to 1.25 hours.
- Implemented standardized communication processes for 300+ families and 20+ instructors, improving response times by 45% and reducing scheduling conflicts by 60%.

Project Management & Systems Analysis, Independent Project

June 2025

- Designed an SDLC-based system and project plan with DFDs, ERD, Gantt chart, and critical path.

Fundamentals of Predictive Project Management, Project Management Institute

Apr 2025

- Trained in predictive planning, risk mitigation, and task delegation for effective project tracking.
